

# Free Private Well Testing

Virginia Tech will be offering free well water testing to residents in the Apex/New Hill area.

## How Does It Work?

1. Pick up a water sampling test kit at Harris Lake County Park (Cypress Shelter)
2. Collect unfiltered water from kitchen sink first thing in the morning
3. Return samples to Harris Lake County Park (Cypress Shelter) on the same morning
4. Your samples will be analyzed for metals and bacteria by Virginia Tech
5. Your confidential water quality results will be mailed to you

**DATE KIT DISTRIBUTION:** Saturday, November 18th, 10 AM-3 PM

**DATE KIT RETURN:** Sunday, November 19th, 8 AM-11 AM

**KIT LOCATION:** Harris Lake County Park (the Cypress Shelter)  
2112 County Park Dr.  
New Hill, NC 27562

**A limited number of testing kits will be available  
and distributed until gone**

Your water will be analyzed for metals and coliform bacteria by Virginia Tech, and confidential water quality results will be mailed to residents' homes.

Your participation will help us understand well water quality in Wake County and resources needs for well users. Results will be published to document the patterns and trends observed, but **your household information and water quality results will be kept strictly confidential.**

**If you have questions, contact us:**
